VOLUME XLIX — UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY MORNING, NOVEMBER 3, 1916 — NUMBER 4

NEW CASES FILED IN LOCAL COURT

ACTIONS PLACED ON RECORD WITH CLERK DURING PAST WEEK

Mary Cheetham, through J. C. Hurley as attorney, has filed a suit against A. P. Cheetham, alleging desertion, and asking for $75 attorney fees and $15 costs. They were married in Hawaii August 4, 1903. There are no children.

Through L. I. Gibson, Chas. Goodwin has filed a suit in divorce against Dora Goodwin. They were married June 8, 1905, and there are five minor children. The husband alleges desertion and infidelity.

Thos. Witherell, through Preston & Preston, has asked for letters on the estate of the late Roxanna Witherell, valued at about $1000. The deceased passed away June 13th last.

Peirsol & Stone, in behalf of Amanda Abramson, have filed a petition for letters on the estate of Abram Abramson, who died at Fort Bragg recently, leaving property valued at about $5000.

Mannon & Mannon, for Mrs. Vassar, have filed a petition for letters of guardianship on the persons and estates of the Vassar minors.

SPEAK IN HIGH TERMS OF STATE HIGHWAY

Henry Hill, A. P. Hill and Clark Hill returned the latter part of last week from a trip through the Leggett valley section in their car. They went to the coast and thence up to Monroe, going across on a private road from that point. They went up Rattlesnake creek almost to Cummings, to which point the construction camp has just been moved. They were forced to return by the same route over which they went in, as a canyon which lay between them and Cummings had not yet been bridged.

Henry speaks in the highest terms of the character of the work being done by the convicts. The road is a fine broad grade, which, when surfaced, will be a perfect boulevard through one of the most beautiful sections of the state. It will do a great deal toward opening up a part of the county that has struggled against adverse road conditions for the past fifty years and it is exceedingly cheap at the price we are paying for it.

COVELO ESTRAY CASE DECIDED FOR BAUER

COURT HOLDS PROCEEDINGS AT ESTRAY SALE WERE ALL LEGAL

The case of Matt Dellamonica vs. Geo. Bauer was tried in the local court the first of the week, and the decision given was in favor of the defendant, Bauer. The matter has aroused a great deal of interest in Round valley, where the principals reside and considerable importance was attached to it by reason of the law points involved.

Bauer took up some hogs belonging to Dellamonica which he found on his range, and after advertising them as estrays, sold them at constable's sale. The Bauer range was not fenced, and this and one or two technical points were made the basis for an attack on the sale. The sale was upheld as in every way legal in the local court. The plaintiff's attorneys, Preston & Preston, will probably appeal.

Bauer was represented by Thomas & Thomas.

JUDGE HURLEY PERFORMS TWO MARRIAGE CEREMONIES

Judge Hurley performed the marriage ceremony for two couples in Ukiah last Wednesday—John Florence Pachard and Emma Blanche Fawcett, of Upper Lake; and Horatio Taylor, of Lakeport, and Laura Jones, of Fort Bragg. MISS CALLIE ENDICOTT WEDS IN SAN FRANCISCO

OTHER NEWS NOTES FROM WILLITS.— PROHIBITION FIGHT OVERSHADOWS ALL OTHERS

Willits, Nov. 1—The fight over the prohibition amendments has completely eclipsed national politics and we do not believe we have any enthusiastic partisans who would fight over their candidates. But when it comes to prohibition everybody has been lined up and that is positively all we hear amout.

Last Friday night Judge D. D. Bowman, of San Francisco, spoke at the Majestic theatre to the largest crowd gathered here during this campaign. He spoke two hours.

Tomorrow night Rev. W. C. Whitaker will speak at the same place for the prohibitionists and he, also, is assured a large audience.

Two more baby girls made their appearance last Monday. Dr. and Mrs. Raymond Babcock had a visitation of the stork and we are told that they think this little girl is the choicest piece of humanity in the whole world. The other baby was left at the home of Tom Hall.

Miss Callie Endicott, daughter of Mr. and Mrs. G. W. Endicott, was married in San Francisco last Saturday to Julius Schwartz, a former merchant of this place. They will make their home in San Francisco.

RUDOLPH SPRECKELS SENDS STRONG LETTER

Rudolph Spreckels, noted progressive Republican, has sent the following telegram to the Democratic National Committee:

"San Francisco, Calif., October 31, 1916. Mr. Vance McCormick, Chairman National Democratic Committee, New York City. The Progressive party's destruction by some of its self-seeking leaders will, in my opinion, but strengthen the sincere and unselfish voters formerly of that party in their determination to destroy the improper power of privilege as represented by the present management of the Republican party by giving their support to President Wilson. The Progressive Republicans who joined the Progressive party in 1912 must realize that they cannot redeem the Republican party or advance their principles by now voting for the candidate nominated by the reactionary-controlled Republican convention. Therefore, I predict an overwhelming victory for President Wilson on November 7th, 1916.

"RUDOLPH SPRECKELS."

DEMOCRATIC SPEAKERS TOURING COAST SECTION

Albion, Nov. 2—L. I. Gibson, of Ukiah, C. H. McConaughy, of Fort Bragg, and Geo. L. Magneson, of Redwood valley, arrived here this morning on a speaking tour of the coast. They will speak here tonight. Good crowds have greeted them wherever they have appeared. Magneson, who is speaking in behalf of his candidacy for the assembly, spoke to upwards of 75 men at the Caspar and Greenwood logging camps. He has a strong following among the laboring men since making his appearance on the coast, his speech taking with them in great shape. He will poll a big vote on the coast.

CHOOSE, VOTERS!

It is now four days until election. The franchise is the priceless gift of free institutions. It contains your liberaties; apportions authority and power; directs American destiny.

It is your patriotic duty, in making your choice of candidates and parties, to sound the issues to their depths. Apply your best thought, THEN APPEAL TO YOUR CONSCIENCE FOR THE VERDICT. LET YOUR BEST SELF SPEAK NOVEMBER 7TH, AND LET EVERY QUALIFIED VOTER IN AMERICA SPEAK.

* * * * * *

Your choice this Fall is a choice beetween

Justice and Injustice.

Equality of Opportunity and Restricted Opportunity.

The Interest of the Masses and the Interests of the Classes.

Government upon Living Principles of Morality, Law and Rights and Government Subservient to the Selfish and Unscrupulous FOES OF AMERICAN INSTITUTIONS AND OF AMERICA.

Such are the root questions. Where do YOU stand?

* * * * * *

All Democrats, Independents, Progressives and Republicans by the many, many thousands, hundreds of the leaders of American art, commerce, industry, science and economic thought, ask you to vote for Woodrow Wilson. They ask this because Woodrow Wilson stands for Justice against Injustice, for Equality of Opportunity against Restricted Opportunity, for the Masses against the Classes, for Government Based upon the Living Principles of Morality, Law and Right against Government Subservient to Selfish and Unscrupulous Foes of American Institutions and of America. We who support Woodrow Wilson assert, believe and KNOW this BECAUSE BY HIS RECORD HE HAS PROVED IT.

President Wilson speaks and leads in behalf of the great cause of clean, popular and thoroughly American government. Around Hughes, on the other hand, are grouped the leaders of reaction, the spokesmen of privilege and the enemies of an American America. They seek the triumph of injustice over justice, of restricted opportunity or special privilege over equality of opportunity, of the classes over the masses, and of narrow, selfish, sordid rules of action and policy over rules based upon morality and the fundamental laws of humanity.

Such is the contrast between the candidates and the parties. CHOOSE, VOTERS!

* * * * * *

Take international affairs. DO YOU today really regret that YOU, YOUR SON, YOUR BROTHER OR YOUR HUSBAND, instead of pursuing your or their peaceful occupations, are not killing Germans, or Frenchmen, or Englishmen, or Scotchmen, or Irishmen, or Bulgars, or Russians, or Italians, or Mexicans? Do you really?

WITH NO NEED TO GO TO WAR, WILSON HAS KEPT YOU OUT OF WAR. He has said:

1. That with the rest of the world proclaiming and enacting a carnival of murder, America must hold high above the confusion of slaughter the living principles of morality, law and right.

2. That the wealth and might of America shall not belie its high mission in European affairs by callously disregarding the living principles of morality, law and right in dealing with a weak and helpless neighbor-nation upon the American Continent—to wit, Mexico.

VOTERS. DO YOU OR DO YOU NOT UPHOLD WOODROW WILSON IN THESE POLICIES?

* * * * * *

Turn to domestic affairs. Consider Woodrow Wilson's RECORD OF ACHIEVEMENT at home.

Measure each great law in this marvelous Record by the fundamental American principles defined in this editorial. The Federal Reserve Act destroyed the System of Privilege which has so long dominated American finance and established equality of credit facilities, a condition absolutely essential to equality of opportunity.

The Rural Credits Act, the Agricultural Extension Act, the Good Roads Act have opened the doors of equal opportunity to the farmers of America and apply the living principles of morality, law and right to the Government's contracts with the farming industry. Just so, too, the Clayton Anti-Trust Act, the Anti-Injunction Law, the Seamen's Act and, yes, the Adamson Eight-hour Law expand the opportunities and end unjust oppression of Labor, and declare the equality of Labor before the law. Take the Underwood Tariff, the Income Tax, etc., run through the entire long list, and you will see everywhere the principles of democracy and free institutions, gleaming like the threads of gold in quartz ore.

Read the RECORD OF ACHIEVEMENT and remember that the men now dominant in the Hughes campaign voted against all these laws. VOTERS, ARE YOU FOR PROGRESS UNDER WILSON OR REACTION UNDER HUGHES?

* * * * * *

VOTERS—

Your hands are not red with the blood of other men;

There are no empty places at your firesides;

Your country has not lost Honor, but rather has won Honor in full and lasting measure;

Your President is not a coward, but is a man to be proud of and of whom, no matter what you do now, YOUR SONS AND GRANDSONS WILL BE PROUD OF;

Your Government has been wrested from the grip of sinister and selfish interests and restored to YOU;

You are prosperous with a prosperity that is clean of blood and of corruption—and is distributed evenly over this land;

YOU HAVE PEACE AND YOU HAVE HONOR, AND YOU HAVE THE JUST REWARDS OF BOTH;

AND ALL THIS, VOTERS, WAS DONE FOR US BY WOODROW WILSON.

PRES. WILSON'S PASTOR WRITES STRONG LETTER

HE PRAISES THE CHARACTER AND PUBLIC SERVICE OF THE PRESIDENT

Washington, Oct. 13, 1916.

To the Editor of The New York Times:

I have read with great interest the article of Professor Stockton Axson entitled "Mr. Wilson as Seen by One of His Family Circle," which has just appeared in The New York Times, and I write to express my hearty commendation of the article.

During the time that it has been my privilege to be the President's pastor in Washington, I have had opportunity to become acquainted with both the church life and home life of the President and also to know him more personally.

His church life has been consistent and his regularity in church attendance an example to others. I do not believe that I have been in a home where I have been more impressed with the devotion and confidence of the members of the family and where there was such genuine affection and unselfish concern as in his home. Professor Axson has faithfully described this.

President Wilson has accomplished much in the interpretation of Christian principles as applied to nations, both in respect to their thought and conduct. His achievements for humanity have been conspicuous and far reaching and have laid Christian people under heavy obligation.

His resolute determination to save this nation from the curse and horror of war should meet with prompt and unstinted gratitude from every one who believes in the Christian principle, "on earth peace, good-will toward men."

JAMES H. TAYLOR.

FARM JOURNAL VOTE SHOWS WILSON'S STRENGTH

(The Farm Journal.)

In last month's paper we asked Our Folks to state their preferences for candidates running for President, with results as below.

We sent out no postal cards and made no effort to have a large vote. It is needless to say that the result is somewhat of a surprise. The votes came from New England, the Middle, Central, trans-Mississippi and Pacific coast states, fewer proportionately from the South.

Nothing we have printed could influence voters, because The Farm Journal is a non-partisan paper, and our attitude has not revealed preference for any candidate or party. This fact makes the vote particularly significant.

Straw votes taken by partisan journals naturally reflect the politics of the paper, and do not show the public drift toward candidates. Up to the time of closing our forms the votes stood for

Hanley	77
Benson	273
Hughes	566
Wilson	1088

We would not like to guarantee the success of Wilson because he leads the balloting, nor that Benson will receive as large a percentage of the total of votes as is indicated here. The Socialists make up in zeal during a canvass something of what they lack in the number of votes. We do not think that Hanley, the temperance candidate, has much chance.

Our straw vote in 1912 forecast the defeat of Taft. It now forecasts the defeat of . . . . . Guess, as we do. The candidate receiving a majority of the electoral vote will be elected.

MRS. CLEVELAND PASSES TO REST

PIONEER WHO CAME HERE IN 1860, ANSWERS CALL OF DEATH

(By Rev. D. Catchpole)

Mrs. Ann Howard Cleveland was born in Tennessee Oct. 10th, 1838, leaving there in early childhood and living in Arkansas and Missouri before coming to California, with her parents, the late Rev. Mark W. Howard and wife, in 1858. She was married to Martin Van Cleveland in Sonoma county in 1858, lived one year in Butte county, then came with her husband and one child to Ukiah valley, where she has lived since.

For fifty-eight years she lived on the pioneer place, rearing a family of ten children, two orphans, and a grandchild, among a large circle of relatives and many friends who ever found a welcome at her home and board.

She became a Christian when seventeen years old and was a charter member of the First Baptist church of Ukiah, of which church she was ever an earnest, devoted member.

It was her blessed mission to befriend the homeless, plead for the erring and had a place in her heart for all suffering humanity. She was a mother in her heart to all who needed her ministrations.

Her beautiful life, so gentle, so quiet, so true, so blessed, will brighten the way of her loved ones and friends all the rest of the journey.

Such a life was well worth emulation—shining far above the glitter of worldliness, and at last entering among those who are "arrayed in white robes and have come out of great tribulation and have washed their robes and made them white in the blood of the Lamb".

The surviving children are Mrs. H. M. Davis, of San Rafael; Bona Cleveland, Upper Lake; Mrs. Eugene Gannoz, Mrs. W. G. Oldham, Santa Rosa; Mrs. W. B. Rowland, Seattle; Mrs. C. B. Hopkins, Ukiah; Mrs. M. B. MacGowan, San Francisco; besides Mrs. Lila Brynes, Miss Mamie Davis and James Davis, who had lived with her.

Mrs. Cleveland passed peacefully away on Wednesday afternoon at 3.40. The funeral will be held at the Baptist church Sunday afternoon at 2.00 o'clock. Interment in the Masonic cemetery.

Let all who love her come as a last tribute.

SHELTON WINS CASE AGAINST MICHAEL ET AL

The appellate court has handed down its decision in the case of Shelton vs. Michaels et al, and sustains the lower court in every particular. The case was over the payment for constructing a road in north coast section. The contractor, Shelton, sued some of the ranchers, who had banded together to have the road built, for their share of his pay. The case was tried before Judge White and a jury and the decision was in favor of Shelton. Judge White refused to give the jury certain instructions asked by the defendants, and from this refusal and from various other rulings during the progress of the trial, the defendants appealed. Robert Duncan is representing Shelton's side of the case.

To the Voting Public:

We, the undersigned farmers, hopgrowers and vineyardists of Ukiah and Hopland Valleys, are opposed to the passage of Prohibition Amendments No. 1 and No. 2, and particularly to No. 2, because of its deceptive and misleading character, for the following reasons:

FIRST:—Because the passage of Amendment No. 1 would mean total prohibition and of Amendment No. 2 would mean virtually the same thing, thereby striking a body blow at hop growing and grape culture. No. 2 is as bad as No. 1 for the reason that while it allows the manufacture of wine and beer it destroys the avenues of distribution.

SECOND:—Because vineyards are as a rule on soil of so poor a character that if the vineyards were destroyed by prohibition the lands thereafter would not be even of the best for grazing purposes. They are now assessed at from $25 to $50 an acre. If thrown back into grazing, they could not be assessed for more than $3 an acre. Hundreds of families would be thrown out of homes and the means of earning a livelihood. People come to this valley from all parts of the country yearly to help harvest the grape crop; under prohibition they would lose this annual employment. The annual income from the grape crop in Mendocino County is in the neighborhood of $150,000. Moreover the industry is in its infancy.

THIRD:—Because this county produces on the average 17,000 bales of hops annually, which means an annual income to growers of $425,000, or thereabouts, at prices prevalent for the last few years. Prohibition would mean eventually the destruction of the hop industry and a serious loss to the thousands of persons, men, women and children, who come to this valley annually from all parts of Mendocino county to pick hops and earn the money to tide them through the winter and permit their children to procure school supplies. What are we going to do to help these people if prohibition carries?

FOURTH:—Because, in addition to decreasing very largely the taxable value of property by destroying the hop and grape industries, prohibition, as contemplated either in Amendment No. 1 or Amendment No. 2, will at the same time largely increase taxes owing to the loss of revenue of city, county and State.

We farmers, hopgrowers and vineyardists of Ukiah and Hopland Valleys, earnestly appeal to the voters of Mendocino County to help defeat these two prohibition Amendments for the reasons assigned in the foregoing.

Be Sure You Know What You Are Voting For

Prohibitionists have forced Two Measures on the Ballot at the November Election

The first measure (Proposition No. 1 on the ballot) is frankly a prohibition measure. Knowing that the voters of the State would not deliberately confiscate the great vineyards, the breweries and other important industries which prohibition would destroy, they have sought to accomplish the same result through a subterfuge. So they have also placed on the ballot Proposition No. 2, which has been widely advertised as an ANTI-SALOON MEASURE. If you have been told that Proposition No. 2 is a measure which affects only the saloons, read the other things it also does:

This so-called Anti-Saloon measure would make it a crime to serve a wine punch at a public reception.

Would prohibit the servin of wine at a public dinner or banquet.

Would confiscate the wine cellars and close the bars of every club in the state.

Would make every hotel proprietor subject to arrest if one of his guests carried the customary flask to the hotel room.

Would make it impossible for visitors or tourists to get a glass of wine anywhere in California.

Would prevent a Californian having a glass of wine or beer with his meals the moment he left home.

Would absolutely prohibit the serving of any stimulants with meals at hotels or restaurants and provide severe penalties to be imposed on the hotel or restaurant and proprietor for violation, even if done without his knowledge or consent.

It would go even further and prevent any hotel or restaurant chef from using wine, brandy or beer in preparing gravies, rarebits or other special dishes.

This so-called Anti-Saloon measure would even prevent any bakery from using brandy in mince pies or plum puddings, and would make this practically impossible even if the dishes were prepared at home.

It would prevent the sale of wine or beer by the gallon, bottle (or in any quantity), by grocery or other stores.

Would make it impossible for anyone enjoying a vacation at a summer resort to secure a glass of wine or beer at meals.

Would eliminate every branch or agency of a winery or brewery in California.

Would prohibit the soliciting of orders away from the place of manufacture and would eliminate traveling salesmen.

Would discourage the manufacture of the finest grades of wine, because they are aged in bottle and sold principally in the hotels, restaurants and clubs of California.

Can you see any REAL difference between the two measures?

Nos. 1 and 2 are Both Prohibition Amendments.

The principal difference is that No. 1 goes into effect at the end of 1919, and No. 2 goes into effect two years earlier. They would be equally disastrous to the vineyards, the breweries and all the other industries which prohibition is seeking to destroy.

Vote NO Against Amendments No. 1 and 2 for Both are Prohibition Measures.

REPUBLICAN COMMITTEMEN WILL SUPPORT WILSON

Albert I. Loeb, a San Francisco attorney, announces his refusal to serve on the Republican State Central Committee. In a letter to Chairman Chester Rowell, dated October 27, he said in part:

I cannot accept membership on this committee because of the fact that I do not regard Mr. Hughes as Progressive in principle. Not a single promise of Progressive legislation has fallen from his lips in the many speeches he has made since he became a candidate. As a former member of the State Committee of the progressive party in this state, I have since the national conventions, been giving the question of the position of those who are in principle Progressive, much thought. How can we consistently support Mr. Hughes, who, is the nominee of the very influences in American politics the Progressive party was dedicated to destroy?

The man who is fighting against the special interests, the invisible government and the hidden influences in politics, must support President Wilson for re-election. Theodore Roosevelt may surrender if he chooses, but he cannot deliver the four millions of Progressive voters, most of whom, like myself, will support President Wilson.

Hiland L. Baggerly of San Jose, member of the Republican State Central Committee, has resigned from that committee and has come out for Wilson. His letter of resignation was as follows:

Hon. Chester Rowell,
Chairman of the Republican State Central Committee:

My Dear Sir—Please accept my resignation as a member of your committee. After giving the matter serious thought I can't bring myself to support Hughes. I might have supported him if he had stayed away from California. Wilson has made mistakes. Who hasn't? Still, his mistakes have not been glaring, and I think he is entitled to the support of the people who appreciate the problems he has had to tackle.

Very sincerely,
H. L. Baggerly.

Baggerly is a newspaper publisher, and his paper, the San Jose News, is now supporting the President's candidacy for re-election.

UKIAH HIGH SCHOOL NOTES

(By Dorothy Thomas)

Students Vote Sample Ballots.

Everybody up at high school is excited over the coming election at school Tuesday. Mr. Hale Prather has kindly consented to furnish sample ballots to vote upon and a real election booth has also been sent up for our use. We will vote upon state and national affairs. Electioneering has been going on by the students, and some of us have to keep away from a few of the radicals.

Monday forenoon we enjoyed an excellent lecture by Mr. Roy Creighton, field secretary of the Christian Endeavor of the state. His lecture was upon "Character Building," and was full of interest. Mr. Creighton has had the privilege of lecturing to high schools all over this state, and his lecture here was certainly appreciated.

Tuesday afternoon a short student body meeting was held to urge the pupils to go to the "movies" Wednesday evening, as pictures of the track meet at Analy and other pictures were to be shown. The pictures Wednesday evening were very good, especially those of the meet at Analy. The pictures of the track meet two years ago featuring Thornton, Les Allenby and other former athletic stars were excellent. Also we were able to see how we looked coming down the steps at school. The picture of the faculty was splendid.

Junior Dance Grand Success.

The junior dance given to the school last Friday evening was one grand success, as all who attended declare. The hall was prettily decorated for the occasion in streamers of orange and black, and other decorations. Around the walls were paper witches, cats and pictures. Three scarecrows did their best to scare us away but didn't seem to, especially from the refreshment booth. This booth was also covered with orange and black streamers. The stage was uniquely decorated with cornstalks and pumpkins to represent Hallowe'en. The programs were printed, as were the invitations. The refreshments, consisting of apple cider and cookies, were greatly enjoyed.

Last Friday's lyceum was excellent, as usual. It was not all rendered, on account of lack of time, but we enjoyed as much as was given.

Boys and girls have begun practicing for basket ball, and we hope that they will work faithfully and give us a showing this season.

Book reviews are coming in about ten days, so those believing in preparedness had better get busy.

Miss Gean Eastlick visited school Monday mornng.

Mr. Scott, principal of the grammar school, was with us at school Tuesday.

Guy Redwine and wife departed yesterday for the Round valley section, where the will visit for a few days.

Alex Thomas is home for a few days' visit.

HOPLAND HIGH SCHOOL NEWS

On Friday evening the high school boys played a game of basket ball against the Hopland Athletic club. The club proved too husky for the boys. Nevertheless the boys played a good game. The Athletic club won by a score of 22 to 4. The members of the team are: Athletic club—Paul Hontou, Max Lureits, Raymond Miller, Prof. Heryford and Willie Harrington; high school—Gregory Harris, Claire Buckman, Fred Buckman, Hirschel Myres and John McKay. After the game dancing and many card games were enjoyed.

Monday evening, Oct. 30th, a Hallowe'en festival was enjoyed by the grammar school children. It proved to be a very successful affair. After ducking for apples, running with spoonsful of water, etc., refreshments were served, and all who came, big or little, had a fine time.

Last Wednesday the high school held a straw vote on the presidential election. Some speeches were made and enthusiasm was at a high pitch. For a while it didn't look healthy for a Hughes supporter. The outcome was Wilson 13 and Hughes 2.

COMMERCIAL ORGANIZATION FOR PRESIDENT WILSON

New York, Oct. 30.— Geo. W. Gittings, president of Kohler Campbell Inc., and general manager of Kohler industries, comprising a group of twelve factories, the largest piano organization in the world, and having 4200 employees, announced today that he is going to vote for Woodrow Wilson.

"Our business during the Wilson administration," Mr. Gittings said, "has increased to such proportions that from the standpoint of self-interest, entirely aside from politics, I am going to vote for a continuance of these satisfactory conditions, believing in letting well enough alone. So much am I impressed with the necessity of not risking any change that I am going to cast my ballot for Woodrow Wilson at this election, although I have never before voted for a Democratic President.

A farewell party was given to Lile Rawles last week at the home of her aunt, Mrs. Del Rawles. A large unmber of friends and schoolmates attended to bid her bood-bye and to wish her a safe journey to her new home. She will be greatly missed in high school, where she is a general favorite.

John Farrar gave a dance in his hall, last Saturday evening, and a large number of people attended, all voting it a great success. The music was furnished by his new player piano.

Mrs. Mayme Gibson, of Santa Rosa, visited Miss Alice Lamb at the Lamb home on North State street this week.

L. Hansen, of Willits, was registered in town last Wednesday.

GUALALA ITEMS

Gualala, Oct. 30—Candidates are beginning to buzz. Hart for Congress and J. A. Pettis for assemblyman, accompanied by F. Caughey, were in Gualala Wednesday interviewing the voters as to their chance to be elected.

Hugh Craig, Raymond Ball and John Brunges are graveling the road upward toward Iverson. Also some parties are graveling the road toward Gualala.

New planking has been put on the Gualala river bridge, Sonoma county doing her share toward putting it in better condition for the winter.

The new bridge is progressing fine and another two weeks will make quite a showing towards finishing. We hear there is to be a bridge warming when the work is completed and everyone will be glad enough to help in the rejoicing, as the public has been greatly inconvenienced by this piece of work. We will be happy when again we can use the old highway and feel safe in traveling it.

Frank Reynolds, our enterprising supervisor, was a visitor down coast inspecting road work, bridge building, etc., one day last week. We certainly have Mr. Reynolds to thank for so much improvement in our coast roads. When we have a good thing let us hold onto it.

Orin Dibble, of Point Arena, was a visitor to our section of the coast lately. He motored up on his motorcycle. Some attraction at Anchor Bay?

Wm. Haywood and wife and daughter, of Berkeley, who have been visiting friends and relatives in Point Arena for some time, returned by private auto as far as Cazadero Saturday, the 21st, taking the narrow gauge for Bay City the same day.

Miss Lois Lampkin was a passenger on the south bound auto stage, returning to high school at San Jose after little more than a week spent at the sick bed of her Uncle Wood. She was reluctant to leave him, but it was his desire that she should not lose any more time from her books.

The steamer Newberg came into Bourns Landing the 22d, bringing some freight and taking on a cargo of ties (11,975), loading in two days. She left for southern ports on the 23rd.

Miss Ruby Dodge, of Bourns Landing, was a visitor in Point Arena last week, spending a few pleasant days with friends in the town.

Mr. O. W. Getchell has charge of a portion of the county road work, and to see him out looking after the work one would hardly suspect that he has reached three score years and ten. We are informed that Mrs. Getchell is much improved in health since visiting San Francisco and Oakland. She has decided to remain through the winter with her relatives. We are certainly glad to know she is getting so much stronger and does not suffer so much pain.

Mr. Frank Logus, of Fresno county, nephew of A. W. Taylor, was a visitor with his uncle and family at Signal Port this week end. He is now working at Hickman's mill. He called at Mr. Getchell's on his return to Annapolis.

Mr. Smith, with his son Herbert, was a visitor at the Brandt home the 29th. Mrs. Smith was a visitor at Mrs. Johnson's the 29th.

Mr. Atley Bowles is moving into his own house (the John Hale house) this week, after living some time in the Stanley house, owned by Mr. Johnson. Mrs. McGill expects to move into the Stanley house very soon.

Mrs. Lampkin seems to be building up quite a market for her fruit through friends about the bay city. Every week several boxes are sent out by parcel post. What a wonderful help this parcel post has given to the country people, enabling them to put produce on the market that otherwise would waste if we had Wells Fargo again. What we want is more government ownership.

Owing to the sickness of his uncle, W. P. Lampkin, Charles has had to remain home from school, much to the disappointment of his mother and teacher, but he feels it his duty to help in the care of his uncle. We are glad to say that Mr. Lampkin is not a great sufferer. Strength seems to be leaving him gradually, and owing to his left side being paralyzed he is helpless. But his mind is clear and he takes the same interest in things around him. His nephew, Barton, is ever near, helping to make him as comfortable as possible. Mrs. Barton Lampkin also came down with her two children to watch in the home beside Uncle Wood. She had a private car bring her from Point Arena, coming in less than an hour. She is much improved in health.

contains the "germ," the LIFE ENERGY of the wheat—five times as much as there is in the whole of wheat.

Consider the life energy required to sprout a grain of wheat, to form all the grains and mature them, and you will get an idea of the great value of GERMEA as the food which supplies energy for the human body. There is no breakfast food the equal of GERMEA in wholesomeness or flavor.

HOW WILL YOU VOTE?

At the election to be held November 7th two constitutional amendments dealing with the manufacture and sale of alcoholic liquor in this state are to be submitted to the men and women voters of California. They are designated on the ballot as propositions No. 1 and No. 2.

PROPOSITION NO. 1 IS NOT TO TAKE EFFECT UNTIL JANUARY 1, 1920. It provides for the complete prohibition of the liquor traffic. It means that no alcoholic liquor can be manufactured in California for beverage purposes. IT DOES PERMIT THE USE OF ALCOHOLIC LIQUORS FOR MEDICINAL, SACRAMENTAL, SCIENTIFIC AND MECHANICAL PURPOSES.	Yes	X
	No	
PROPOSITION NO. 2 IS NOT TO TAKE EFFECT UNTIL JANUARY 1, 1918. It provides for the closing of SALOONS, DRAMSHOPS, DIVES, and prohibits the gift or sale of liquor in stores, hotels, cafes, restaurants, dance halls or other places of public resort.	Yes	X
PROPOSITION NO. 2 will NOT interfere with the manufacture of wine or other alcoholic liquors in California for export in in any quantity to other states.		
PROPOSITION NO. 2 PERMITS the sale of wines and other liquors by MANUFACTURERS IN CALIFORNIA in quantities of two gallons or more for delivery direct to the BUYER'S HOME. NO. 2 DOES NOT FORBID the serving of wines or other liquors to guests in the home.	No	

THERE IS NO CONFLICT BETWEEN PROPOSITIONS NO. 1 NO. 2.
If both amendments carry, No. 2 will go into effect January 1, 1918, and No. 1 will take its place January 1, 1920. Make no mistake. Vote "YES" ON BOTH.

THE SALOON MUST GO JUST AS SLAVERY DID. There is no question as to the ultimate abolition of the bar. Hoping to extend its life a little longer the SALOON appeals to the men and women of California with the argument that if the saloon is abolished business will be hurt and prosperity retarded.

NO ONE CONTENDS that the saloon in itself is a good social influence or that it favorably affects public morality. Not even the most zealous defenders of the saloon urge its retention on the ground that it promotes thrift, makes homes happy, benefits children or contributes to real betterment of the community. The sole ground upon which the advocates of the saloon take their stand is that business would be "hurt" should the saloons be abolished.

The abolishment of the saloon is no longer an experiment. There are a number of states that have abolished the saloon several years ago and some recently. IF IF THERE IS ANY TRUTH IN THE ARGUMENT THAT THE ABOLISHMENT OF THE SALOON "HURTS" BUSINESS, THE EXPERIENCE OF BUSINESS MEN IN THESE OTHER STATES SHOULD PROVE IT.

A number of newspapers in California have made careful inquiry throughout every state that has banished the saloon and every state has supplied the same answer: THE ABOLITION OF THE SALOON HAS NOT "HURT" BUSINESS, BUT ON THE CONTRARY HAS "HELPED" BUSINESS.

TRADE IN FOOD, CLOTHING AND LIKE ARTICLES EVERYWHERE HAS GREATLY INCREASED.

MILLIONS OF CHILDREN ARE BEETER FED AND BETTER CLOTHED THAN THEY EVER WERE IN THEIR LIVES.

CRIME HAS DECREASED AND ARRESTS HAVE BEEN LARGELY REDUCED IN NUMBER.

REALTY HAS BEEN BENEFITED BECAUSE THE QUARTERS FORMERLY OCCUPIED BY SALOONS SOON CAME INTO DEMAND AT GOOD RENTALS BY REASON OF THE STIMULUS GIVEN TO LEGITIMATE BUSINESS THROUGH INCREASED PURCHASING POWER OF THE PEOPLE WHOSE EARNINGS FORMERLY WERE ABSORBED BY THE BAR.

THE EXPERIENCE WITH THE CLOSED BAR HAS BEEN SUCH THAT NOT ONE OF THE STATES THAT HAS ABOLISHED THE SALOON WOULD CONSENT TO ITS RESTORATION.

THESE RESPONSES ARE THE SAME WHETHER THEY COME FROM ARIZONA OR ARKANSAS, OREGON OR KANSAS, WASHINGTON OR WEST VIRGINIA.

TEN REASONS WHY THE SALOONS SHOULD NOT BE VOTED OUT OF CALIFORNIA

1. Because of its moral uplift in a community.
2. Because of its purifying effect on politics.
3. Because it is such a law abiding institution.
4. Because its patrons get so much value for their money.
5. Because drinking helps a man to get a job and keep it.
6. Because it makes business—for the police, the courts and the county authorities.
7. Because drunkards—the saloon's finished product—make such good husbands and fathers.
8. Because saloons always make cities safer and better places for boys and girls to grow up in.
9. Because all right-minded fathers and mothers pray their boys may become saloonkeepers.
10. Because a man needs a place where he can exercise his personal liberty to rob his wife and children of food and clothing in order that he may get his drinks.

A WARNING TO CALIFORNIA.

The Spokane Chronicle says: **"After eight months' experience, Spokane warns California that prohibition means a loss of population in your jails, your poor houses, your hobo camps and your dives; it means less business for policemen and bad bill collectors; it means more money in the saving banks, more food for the babies and more smiles in the homes."**

Governor Moses Alexander, of Idaho, says: **"One of the recent results of prohibition locally was the discharge of the Chief of Police and four policemen in the city of Boise. We had no further use for them. Anyone wanting to go into the cold storage business would find plenty of jails to rent for that purpose."**

Don't forget this fact: Tourists come to California for her climate, not her booze.

PROHIBITION AND THE GRAPE INDUSTRY.

Although wine and the grape industry are made to appear large in the present campaign, by the liquor interests, they are as a matter of fact but a small part in the California booze issue. The California Viticultural Commission report for 1915 shows:

Raisin grapes brought	$10,000,000
Table grapes brought	9,500,000
Wine grapes brought	6,000,000

And 200,000,000 pounds of wine grapes were left to rot on the vines because of a poor market price.

The Fresno Republican says: "These (indefensible liquor) industries are trying to sneak behind the protection of the **Wine Industry**, whose magnitude as compared with theirs is insignificant."

Fresno county is a complete answer to the wet argument about the grapes. The grape growers of that county voted dry. They are not fools.

Vote "YES" on Amendments No. 1 and No. 2

NEWS OF WEEK AT POINT ARENA

Point Arena, Oct. 30—Mr. and Mrs. Walter Storer, of Ukiah, have been visiting in Point Arena the past week, as the guests of Mr. and Mrs. Joe Bishop.

Mrs. Fred Patton left on Saturday's steamer for San Francisco.

Quite a number of Point Arena people visited the apple fair at Mendocino and all report a good time. Among those who motored to Mendocino vere Mrs. D. Hutton, Mr. and Mrs. N. P. Howe and daughter, Wilna, Mr. and Mrs. Chas. Reinking, Thomas Halliday, Mrs. J. Campbell and Mr. and Mrs. Emery.

Mrs. Rachel Byers left Saturday for San Francisco where she went for medical treatment.

Archie Gordon was down from Mendocino one day last week.

Frank Caughey, J. W. Aldrich and R. E. Donohoe were seen in Point Arena from Ukiah one day last week.

The Point Arena high school boys and girls are going to Fort Bragg Friday to play basketball. They have been doing some good work practising and we hope to see both teams win. Mr. Patton, principal of the grammar school, will accompany the teams and referee for them.

The student body of the high school are practising hard on the play which they will present in a couple of weeks. Miss Doris Boggs is managing the play and it promises to be a success in every way.

Mr. and Mrs. Leslie Bishop were in town from Manchester last Saturday.

Mrs. Frank Nash left Thursday for her home in San Francisco.

Ernest Bishop, the popular young clerk from Manchester, came up on Thursday's boat from San Francisco where he has been visiting for several weeks.

FINAL SURVEY SHOWS WILSON SURE WINNER

A final survey of the political situation gives every evidence that President Wilson will win by a landslide vote next Tuesday. Straw votes taken by various papers all over the East, West and Middle West show that the President is leading Hughes in almost every state in the union. The labor vote is 85 per cent for Wilson. Even the Examiner, which is bitterly hostile to Wilson, concedes that the President is far in the lead according to their own straw vote. Votes taken by farm and other nonpartisan papers show the President is a two to one favorite over Hughes. Wilson will receive over forty per cent of the Progressive vote.

The following states are sure for Wilson: Alabama 12, Arizona 3, Arkansas 9, Colorado 6, Delaware 3, Florida 6, Georgia 14, Kentucky 13, Louisiana 10, Maryland 8, Mississippi 10, Missouri 18, Montana 4, Nevada 3, New Mexico 3, North Carolina 12, Oklahoma 10, South Carolina 9, Tennessee 12, Texas 20, Virginia 12; total 197.

These states lean strongly toward Wilson: Nebraska 8, New York 45, Ohio 24, West Virginia 8; total 85.

Wilson has an even chance to carry any of these doubtful states: California 13, Connecticut 7, Idaho 4, Indiana 15, Washington 7, Wisconsin 13, Wyoming 3; total 62.

These states lean toward Hughes, but Wilson has a fighting chance for any or all of them: Illinois 29, Michigan 15, Minnesota 12, New Jersey 14, North Dakota 5, Utah 4; total 79.

Hughes seems likely to carry these states, but is not sure of all of them: Iowa 13, Kansas 10, Maine 6, Massachusetts 18, New Hampshire 4, Oregon 5, Pennsylvania 38, South Dakota 5, Rhode Island 5, Vermont 4; total 102.

The number necessary for a choice is 266. It need cause no surprise if Wilson polls as large or a larger electoral vote than he did in 1912, when he received 435 of the 531 electoral votes.

There is every indication that Ohio and New York are going strong for Wilson. These two states with the 197 votes he is sure of are enough to elect him.

It appears certain that not only will Wilson be reelected but the Democrats will increase their majority in the Senate and House. They seem sure to gain senators in several of the mountain states.

UKIAH, CALIFORNIA, NOVEMBER 3, 1916

REASONS FOR RE-ELECTION OF WILSON.

1. Because he has kept the peace.

2. Because he has abolished invisible government, dispersed the corrupt lobby and restored the Government to the hands of the governed.

3. Because he prefers construction to destruction.

4. Because he has secured the reduction of the tariff, not upward but downward, to a competitive basis.

5. Because he has secured the adoption of a dumping clause to protect American labor, capital and business against the possibility of cut-throat competition when the European war is over.

6. Because he has secured the imposition of an income tax, obliging wealth to share with want the burdens as well as the blessings of the Government.

7. Because he has secured the establishment of a non-partisan tariff commission, so that hereafter the tariff may be revised, whether upward or downward upon scientific principles and in the light of all the facts.

8. Because he has been a friend of legitimate business.

9. Because he has secured the establishment of a Federal Reserve system, dethroning the money trust, democratizing credit and reassuring the future against recurrence of banking and currency panics.

10. Because he has secured the establishment of a Federal Trade Commission to suppress unfair competition and to protect and promote honest business and to safeguard law abiding business men against needless and vexatious litigation.

11. Because he has effected the abolition of tying contracts, interlocked directorates and holding companies, the tap root of monopoly.

12. Because he has been a friend of the farmer.

13. Because he has secured the establishment of a system of rural credits designed to emancipate and to enfranchise the farmer in the business world.

14. Because under his administration a system of licensed and bonded warehouses has been authorized which will assist to make the farmer a master of his own business and his own destiny.

15. Because his administration measures have been passed looking to the establishment of official standards and grades of cotton and grain, thus safeguarding the market against manipulation.

16. Because he has approved a measure providing for the establishment of a system of highways, through State and Federal co-operation, which will, when completed, according to the estimate of experts, save the farmers more than one million dollars between the rising and setting of every day's sun.

17. Because he stands upon a platform which promises the protection of plans "to make agriculture more profitable, and country life more healthful, comfortable and attractive."

18. Because he has been the friend of the wage earner.

19. Because he has approved a measure declaring that human labor shall not be dealt with as a mere commodity in the market place.

20 Because he has approved a measure abolishing the writ of injunction as an instrument of judicial tyranny, securing to labor the right to a trial by jury in cases of constructive contempt.

21. Because he has approved the Workingmen's Compensation Act making the United States a model employer and an example to all other employers.

22. Because he has approved the Seamen's Act, liberating the toilers of the sea from involuntary servitude, protecting them against imprisonment for debt and criminal prosecution for the mere breach of a civil contract.

23. Because he urged and signed the Eight-hour Act, which crystallized the enlightened judgment of mankind into the law of the land in accordance with the Progressive platform of 1912 and the Democratic platform of 1916, and in accordance with the matured conviction that the man who toils should be allowed to enjoy a fair share of the treasure and the leisure and the pleasure which should be the portion of civilized men in a civilized society.

24. Because he has said, "suffer little children to come out of the mines and mills and the sweat-shops."

25. Because he believes in the conservation of human resources as well as in the conservation of natural resources.

26. Because he has made the principles of social and industrial justice a reality rather than an ideal something more than a mere vision of unfulfilled desire.

27 Because by taking the American people into his confidence he has deserved the confidence of the American people.

28. Because by upholding and maintaining International law when great warring nations sought to disregard it, he has performed a monumental service to civilization and humanity and to future ages.

29. **Because he is a good man as well as a great President.**

When you jolt a tree full of ripe prunes the abundance of the resultant shower of fruit depends on how hard you deliver the jolt. We jolted the Times' prune tree several jolts last week and the resultant shower of linguistic prunes has more than justified our fondest expectations. We "chortle in glee". The present editorial writer of the Times has a most unusual gift of verbosity, and the manner in which his scintillant wit "bickers" before our mental optics has dazzled us to such an extent that most of his meaning, if there was any, has gone over our doltish head.

* * * * * *

Remember that a vote for Woodrow Wilson for president and Johnson for United States Senator is the height of inconsistency. Don't vote to tie Wilson's hands by sending a senator to Washington who is out of sympathy with the administration, who has declared his preference for Hughes, and who will do all he can to tie the hands of the administration. Vote for George S. Paton, the Democratic candidate for United States Senator, and send a man to Washington who will help Wilson instead of obstructing him.

Clarence F. Lea has almost finished his campaign and is a sure winner. His only doubtful territory is Humboldt county, but he but he is holding Hart level there, and will receive a strong enough majority in the remainder of the district to bring him out with flying colors. Lea will win by at least 10,000 majority in the district, and will carry every county in it, with the possible exception of Humboldt.

"The Times has no apology to make," followed by almost two columns of it.

THE JUDGMENT OF MEN OF JUDGMENT

If anything were really needed to reassure the public mind in the opinion that the Eight-hour law was not a political move, not the result of "force", and that the circumstances justified its passage, the stands taken by President F. D. Underwood of the Erie Railroad and by Judge Robert S. Lovett, head of the Union Pacific Railway System give the assurance.

Both as a matter of fact opposed the law. Both now are of the opinion that the procedure should have been reversed and the investigation made before the law was passed; but both are big enough men, brainy enough men and patriotic enough to see the position of the President in its right light, see his action in this legislation in its proper proportion and to give the man and his record the justice they deserve.

Judge Lovett says: "My firm coviction is that Woodrow Wilson has more really great achievements to his credit than most presidents who have preceded him. He has given us business peace and an open field for a fair fight. He has substituted the law as a rule of conduct in place of government by executive order and presidential favoritism, and the 'undesirable citizen' has had the same show as the most influential group or the biggest campaign contributor.

"What President has shown more loyalty and consistent personal and official friendship for every form of legitimate business and enterprise? How free from demogogy he has been. Even the railroads—the favorite field for political exploitation—have received justice and fairness at his hands except in the Eight-hour day controversy; and that was a mistake in supposing that the Eight-hour industrial day was applicable to railway train service. Like many others, he was misled by a shrewd plea.

"But after all, would his opponent have done different. The latter was silent until he saw the popular side of the question. Not until then did his indignation boil or find expression, and most of the House Republicans including ex-Speaker Cannon voted for the bill.

"Nothing but Wilson's leadership and firm stand from the first for American trade rights secured to us the enormous trade extending through every line of industry that has brought employment and high wages to millions of workmen, and huge profits to our manufacturers. Let us do simple justice and remember these facts.

"If business men refuse to support a Democratic administration which deals fairly and befriends business, what can they hope for from that party in the future? If the Democrats cannot count upon the support of business men under any conditions, will not the inevitable effect be to make it the party of the poor and the radical, and to make the Republican party more and more the party of the rich and the reactionaries? It takes no prophet to forecast the result of party cleavage upon this line.

"Woodrow Wilson's management of our relations in the foreign war situation is the greatest and most brilliant page in our diplomatic history.

"If his opponent wins—if Wilson is defeated, there will be more rejoicing in Berlin over this triumph of Pan-Germanism against real Americanism than there would be over the winning battle or the capture of Verdun."

President Underwood of the Erie declares himself unequivocally in favor of the re-election of President Wilson and says he fully endorses the recent approval of the President's policies by Judge Lovett.

"As to the statement that President Wilson played politics in the railroad negotiations for an Eight-hour day, I reaffirm my opinion that he used his best judgment in doing as he did. No one can fairly accuse him of playing politics and while my views do not correspond with his I concede that his motive was honest. He did not carry the burden of the railroads or the brotherhoods but that of the people of the United States.

"There can be no honest denial of the fact that many of the so-called Wilson laws have stabilized business. The Federal Reserve Act is one, the Rural Credits Act is another. The Child Labor Act was a humane intelligent thing. The Tariff Commission was a common sense, much needed accomplishment. The President found a safe middle-ground between the pacifist and the professional jingo, between 'mush' and 'militarism.'

"The Republican complaint against President Wilson seems to be based on the fact that he has changed his mind at times."

Mr. Underwood laughed as he said this:

"Possibly that is because he has a mind to change. Conditions are always changing. Who can imagine a worse condition than to have a President who is goverened by preconceptions; rather than by the needs of the present?

"The spectacle of a hundred million people properly governing themselves in a Democracy is a problem; we should be sane and decent and try to solve it from the viewpoint of all concerned. Leave what is well enough alone."

Here are two sane, sensible, discriminating opinions of business men of great ability of President Wilson and on the problem that is confronting the American people today in the selection of their chief executive for the next four years. Both disagree with the President, both criticize his action. And yet weighing, as the people should weigh, the things against him and the things for him, they unhesitatingly assert the best interests of the country call for his re-election.

SACRAMENTO UNION REPUDIATES JOHNSON.

In a leading editorial headed "AT THE PARTING OF THE WAYS," the Sacramento Union, which has been supporting Governor Johnson, comes out squarely for George S. Patton for United States Senator. It says:

"Since the opening of the campaign this question has been confronting the editor of the Sacramento Union, 'Can you consistently support Wilson for President and at the same time support for the Senate Governor Johnson, who has declared his allegiance to Hughes?'

"The answer must be found in the statement that it is not possible for any one to follow at the same time two paths that lead apart.

"And so, with regrets that such a decision is forced upon us, in fairness to our readers, justice to the President, for whose re-election we are earnestly laboring and in honesty to ourselves, we declare that we can follow Governor Johnson no further.

"Believing thoroughly in the policies of President Wilson, convinced that to those policies the whole country must look for its strength and continued prosperity, we feel that we must urge the election of a man who can and will assist him to convert his policies into law.

"Indications at present point to the tremendous re-election of the President. Is it the part of political wisdom, then, for Californians to send to the Senate a man who by implication at least is to oppose him?

"Do we not owe it to ourselves to give to the President the aid he must have if he is to continue the work he has begun?

"The chief speaker in the campaign of the President in this State is George S. Patton, the Democratic candidate for United States Senator. He has covered 5000 miles and spoken in nearly 100 cities and towns, urging always the re-election of President Wilson.

"By every principal of justice and politics the suporters of the President should give their votes and their hearty support to Patton, the man pledged to aid him, rather than to the candidate who is giving his support to Hughes.

"In supporting President Wilson we must and we do heartily support for the Senate George S. Patton. We urge his election so that he may aid the President. We urge his election in the political interests of California. We urge his election on the ground that he is a clean, high-minded, able man, devoted to the cause of good government, and during all his active political career a hard fighter against machine politics, an associate assistant of Stephen M. White."

* * * * * *

George L. Magneson, Democratic candidate for the assembly, is finishing his campaign on the coast this week. . He is meeting with great success, and the working men are all for him.

* * * * * *

"But Democratic donkey or fool friends of politicians, when hit they have our permission to howl." Whereupon we rise to "howl". He-Haw! Hee-Haw! Haw! Haw! Haw.

* * * * * *

"If you're Hit, Howl." Evidently someone was hit, to judge from the howl that arose.
